This technical diagram illustrates the exploded view of a mechanical assembly, likely a pump or engine component. The parts are numbered 1 through 42. The main components include a central housing (1), a top cover (13), a base plate (14), and a side plate (15). The assembly is secured with various fasteners, including bolts (10, 11, 12, 16, 17, 18, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42), washers (19, 20), and seals (1, 2, 3, 4, 5, 6, 7, 8, 9). A detailed inset shows the internal structure of the housing (1) and the side plate (15).

This diagram illustrates the exploded view of a mechanical assembly, likely a pump or engine component. The parts are numbered 1 through 42. The main components include a central housing (8), a base plate (13), a side plate (14), and a vertical shaft assembly (10, 12, 17, 18, 26, 27, 30, 40). The assembly is shown in a disassembled state to identify individual parts and their relative positions. Key sub-assemblies include a piston/cylinder unit (1, 2, 3, 4, 5, 6, 7) and a valve train mechanism (15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 30, 40). The diagram uses perspective to show the three-dimensional arrangement of the parts.
